Summer Term in 3RP

In English, we will focus on instruction writing—exploring different types and the language used before creating our own. We'll also read Greek myths and write our own versions inspired by these.

In Maths we are covering lots of topics including number and place value, money, time and shape.

In Creative Curriculum our topic is 'Ancient Greece'. We will begin by learning about modern day Greece and comparing the country to ours. We will then learn about life in Ancient Greece.

In Science we are exploring sound. We will develop knowledge of reducing, reusing and recycling waste items. In Gardening we work in the garden to ensure we attract pollinators.

In Cooking and Nutrition we are going to explore foods from different cultures and prepare dishes using global ingredients.

In DT we will be making a marble run using cardboard. We will plan and model simple structures to understand stability and strength.

In Computing we are looking at data in the computing world. We will be gathering and sorting this data.

In P.E we are playing striking and fielding games such as cricket and rounders. We are focusing on aiming for space when striking and collecting the ball when fielding. We will also be practising different throws and jumps in athletics.

In PSHE we will be exploring self-worth, different types of friendships and romantic relationships (including those formed online), and how to set healthy boundaries.

In Music we will be learning samba-style music using percussion instruments.

In R.E we will be learning about the changes Spring brings, before exploring some of the festivals celebrated during this season, such as Holi and Passover.

3 things you can do with your child to support them at home:

1. *Read at least 3 times a week.*
2. *Access Numbots or Times Table Rockstars – please message your teacher if you need the login.*
3. *Speak with your child about ways to stay safe at home and in the community.*

Summer Term in 3RP

Don't forget to log on to Evidence For Learning (EFL) to see what your child has been learning in school this week. Contact the school office for log in details or to reset passwords.
